

I am truly disgusted by Sinclair Broadcasting's decision to air a blatantly partisan distortion of Senator John Kerry just prior to the general election. The use of MY airwaves to move forward a grotesque distortion of a political candidate for the purposes of supporting Mr. Bush is inexcusable and frankly illegal.

I demand that the FCC act immediately to threaten harsh punishment if Sinclair follows through with this action. It is beyond belief that the FCC would allow this betrayal of the public trust to take place. Shame on you Michael Powell if you let this happen.

You may take this letter to be an official complaint against Sinclair Broadcasting. I can be reached at (323) 908-4220.
